RE: SCHOLARSHIP

Dear: PECG, Fresno Section

I was honored to receive the scholarship from your organization. Thank you. I appreciate your confidence in me and willingness to contribute to my future education. I want to express my sincere gratitude for awarding me a scholarship at the 48th Annual Geomatics Engineering Conference. I work hard toward getting a Geomatics Engineering degree, and this scholarship will help in many ways to help me further my education and career goals. Please know that your support means a lot to me, including funding for semester's tuition and books.

With appreciation and many thanks,

Daniel Cerda
